### **Annual Awards for Excellence at the University of Zurich**

Dear Sir or Madam

The University of Zurich is pleased to acknowledge excellent work and allows each faculty to confer an award of CHF 5,000 to students and PhD candidates for outstanding PhD theses or scholarly work. One award is allowed per calendar year. The President of UZH presents the awards at the *Dies academicus* event, which takes place annually on the last Saturday in April.

Please observe the following guidelines when submitting a thesis or other work for an award:

- PhD theses may only be submitted for one year after they were approved by the faculty in question.
- In the case of other scholarly work, the author must be matriculated at UZH in the preceding fall semester.

The following persons are eligible to submit applications: Professors, Privatdozierende, and mandated instructors at UZH. Please send the application for an award and the work itself to the dean's office at your faculty.

**Submission deadline:** 31 October at the dean's office of your faculty

Sincerely

A handwritten signature in black ink, appearing to read 'Tschümperlin', written over a horizontal line.

Thomas Tschümperlin  
Head of President's Office
